

I already know:

- How to use scoring and slip to join clay parts together when creating a sculpture
- That materials can be added to a sculpture to create detail
- That nature and natural materials can be used to create sculptures
- That sculpture can be designed and created using garden wire and Modroc

I will know:

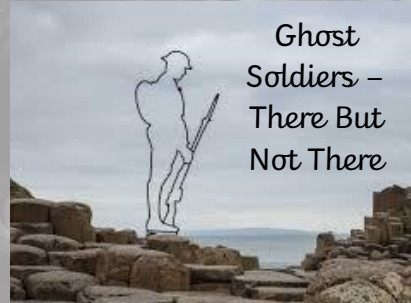

- How to use tools to carve, add shape, texture and pattern to a sculpture
- How to use an armature to join parts of a sculpture together
- The significance of sculpture

	3D		malleable
	armature		manipulate
	assemble		model
	base		modroc
	carve		properties
	construct		scoring
	form		sculpture
	free-standing		shapes
	installation		slip
	join		wire
