Term 5

What should I already know?

- To know (identify and name) a variety of common animals including fish, amphibians, reptiles, birds and mammals (identify and name)
- To know the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals) including pets (describe and compare).

What am I going to learn?

I am going to learn:

- To know that something is either dead, alive or never alive.
- To know the seven characteristics of living things.

Living Things and their Habitats

- To understand that animals, including humans, have offspring which grow into adults (identify how we have changed since we were born).
- To understand that animals can be grouped by characteristics, depending
